Clinic counts as of December 2020. To learn more about these programs, visit www.txcampaign.org.

Access to Information

In Texas, just 16% of school districts teach abstinence-plus sex education. However, recent changes to statewide curriculum standards will increase access to medically accurate sex education starting in the 2022-2023 school year. Learn more at www.texasisready.org.

Teen Birth Rate per 1,000 Teens aged 15-19

In 2019, the Williamson County teen birth rate was

43% below the US rate and

60% below the Texas rate

Social Determinants of Health

Structural issues such as poverty and lack of access to health care can contribute to teen pregnancy rates.

Children Living in Poverty

Young Adults (19-26) Without Health Insurance

Sexually Transmitted Infections

Though teen pregnancy rates are declining, STI are increasing among Texas youth. Some increase may be due to better screening, but data suggests actual rates are on the rise.
